MACTRON GROUP

Newsletter May 2021

The store clerks can have the entire inventory status at their fingertips with the help of mobile tablet pc. MACTRON GROUP (MTG)'s MAS0600 enables your clerks to greatly improve the stock taking, ordering and forecasting efficiency. MAS0600 is easy to carry around; it is light yet powerful and comes with multiple data collection abilities.

More than that, MTG' WCP2157 can make the clerks have better control of the real-time overall warehouse status as the control center.
